

NEW \$72,000 CHURCH UNIT STARTS HERE IN SEPTEMBER

At its quarterly conference Wednesday the congregation of the Campbell Methodist church approved the preliminary study plans for the new church on the three acre Winchester avenue site and

DEAN R. CHAMBERLIN

instructed the building committee to proceed with building the first unit.

Ground breaking has been tentatively set for September 28 and the architect's estimated contract price of the first unit would be \$95,000 which with some volunteer labor and some supplies at cost may bring the actual outlay to \$72,000.

Dean Chamberlain is the new chairman of the building committee with Joseph Dahl as assistant chairman. Harry Burke is the past chairman of the committee.

The first unit will include the fellowship hall (48x72) with kitchen, fireproof room and the administration wing. It would also include parking facilities for 93 cars. The hall will have capacity to seat 500 on benches or 350 at tables.

Future plans call for a sanctuary, choir room, religious education building, fifteen classrooms, two youth parlors, recreation field, fellowship court and a children's play area.

Rev. Herbert Neale is pastor of the church. The present building across from the postoffice will be sold.

Creek Parkway Plans For West Campbell

A parkway skirting the west side of San Tomas Aquino Creek extending through Campbell, is on the drawing board of the County Planning commission, so any new area development might keep this in mind. This was the message brought to the Campbell Planning Commission on Thursday by Nestor Barrett, planning consultant.

In plans submitted by George S. Nolte, civil engineer for subdivision of the 84-acre Amato-Bellucci property west of town preparatory to annexation, a revision in plans was recommended by the commissioners. The plan submitted was for 156 building sites between Jane and Victor streets and between Latimer and Campbell avenues when fully developed there would be 500 homes of the \$11,000 class. The new plans are expected to be ready for the next regular meeting after first being checked by the county planning commission.

The Campbell planners took initial steps on Thursday to study the need and location of a civic center and park, by setting up a committee to work with a two man

committee from the city council. Commissioners Guy Farley and Homer Hyde were named co-chairmen of the site committee. Nestor Barrett, planning consultant, is also a member of the committee. Barrett said serious study should be given to the area zoned for business and for parking in considering the site. He indicated other cities have found it practical to get away from the business area with their civic buildings.

The basic information on parks and a civic center should be studied now so that the council may set up a six year capital budget of city needs. The planners and the council could then set up priorities and the council could consider these in tax rate setting.

SCHOOL BOUNDARIES ARE SET FOR CAMPBELL AND NEW CAMDEN HIGH

Boundary lines for the new Camden High School have been set by the board of trustees for Campbell Union High School. While students enrolled now at Campbell High School will not be affected by the change, some 258 freshmen who are coming in from the Camden area this September will be.

Students in Almaden, Burbank, Cambrian and Union Elementary School districts and in Campbell Elementary School district, east of San Jose-Los Gatos Road and north of Campbell Ave. will attend Camden when it opens in the fall of 1955.

Students from these areas who will be freshmen this September will be administered as a separate unit at Campbell Union High School under their own principal, Dean Chamberlain.

These freshmen who will be sophomores when Camden's doors open and another 200 frosh will make up the original student body of the school on Camden and Union Aves.

Supt. Laurence J. Hill said in setting the boundaries trustees were mindful of establishing logical bus routes, and keeping the growth of the district's two schools about even, although allowing for increased enrollment at Camden.

"We also felt Cambrian, Union, Almaden and Burbank children should attend the school," he added.

New Sportsmen's Club Established

A new hunting and fishing club has been recently formed in the West Valley area and members have selected the name Sportsmen's 40 for the group.

Officers include Bob Curl, president; Jack Panighetti, vice president; Sam Clark, secretary-treasurer and John Boitano, Ed Wood and Al Mason, board of directors.

Members have leased 157 acres of property above Almaden and are rebuilding a home that was on the property for a clubhouse and lodge room.

The acreage will be used for hunting, fishing and recreational facilities for members and their families according to Curl.

Plans are for the addition of a swimming pool later on.

Campbell members of the club include Boitano, Wood and Dave Harper.

REV. DENNIS BENNETT A CAMPBELL VISITOR

The Rev. and Mrs. J. H. BENNETT are enjoying the visit of their son and family, the Rev. and Mrs. DENNIS BENNETT, and children, Margaret, Stephen, and Conrad.

The Rev. Dennis Bennett is Rector of St. Marks Episcopal Church in Van Nuys, California.

CAMPBELL PAYS UP ITS TAXES

Campbell had one of the lowest percentages of tax delinquencies in Santa Clara county this year with .643 per cent according to Roy Emerson, county tax collector. Gilroy with 1.556 had lowest delinquency, while Morgan Hill with 3.265 was highest. Other cities were: Los Altos 1.572; Sunnyvale 1.203; San Jose .829; Santa Clara .796; Los Gatos .911. Total delinquent tax for the county was \$295,027.49 which was 1.066 per cent of the tax levied.

Funeral Services For Campbell Man

Funeral services were held from St. Lucy's Church yesterday morning for Albert Carini, 77, retired Campbell area farmer.

Carini was a native of Italy and had made his home in Campbell for the past 45 years. His home was at 14275 San Tomas Road.

He is survived by his widow, Anna; four children, Roy Carini of Alviso, Mrs. Helena Albano of San Francisco, Joseph Carini of Cupertino and Mary Carini of San Jose, and a brother, Mike Carini of San Jose.

Interment was at Santa Clara Catholic Cemetery.

Campbell Police Apprehend Bad Check Passers

Richard P. Ortiz and Eusebio Simental, both of Hanford, were picked up by the Campbell Police Saturday about noon on a bad check charge.

One of the men attempted to cash a \$55 check at Field's Grocery Store but the proprietor, Carl Field, became suspicious of the man and reported him to the police.

The two men were apprehended at the Guarantee Shoe Store where they were waiting for service.

Police report that they are wanted throughout the Santa Clara and San Joaquin Valleys on the same charge and that the two are under investigation now.

POLL RETURNS AGAINST BONDS FOR HOSPITAL

With 23 percent returns from 2500 direct mail polling cards, there was a 56.2 percent favorable of a \$75,000 bond issue for a non-profit hospital in the Los Gatos Campbell-Saratoga district, which would be insufficient for the necessary two-thirds majority for a bond election. Sentiment was in favor of a hospital to the extent of 75.92 percent in the poll. The report was made last night at a West Valley Hospital director's meeting in Los Gatos. It was also announced that on November 16 an election will be held as terms of Mayor Whitman and Dr. Merlin Maynard expire at that time.

Cambrian Club To Renovate Youth Center

The Cambrian Men's Club, under the leadership of President Arch Kennedy and Vice-President Bill Knight, is going all out in planning bigger and better things for the coming school year. A large number of Cambrian District fathers attended Wednesday night's meeting, which dealt chiefly with resolutions to completely renovate and recondition the existing Youth Center Building. The building's exterior condition was first to come under discussion and it was decided to receive estimates on painting the outside of the Youth Center. Further problems of reconditioning were discussed, but action was put off until a careful evaluation of present condition and future needs could be obtained.

In order to facilitate the handling of future social events, President Arch Kennedy appointed the following committee chairmen: Fiesta—Ron Wheeler; Finance—Max Nigl; Membership—Wayne Huff; Program—Lee Dugan; Scout Affairs—Ralph Button; Publicity—Frosty Andrews.

In lieu of the accelerated expansion of the Cambrian District, the men's Club has closed ranks and undergone considerable re-organization to better meet needs of a swollen community.

The Men's Club, which has long undertaken the sponsorship of Scout activities, heard reports from the leaders of this movement. Ed Carman, Scout-master for Troop No. 34, stated that 19 Scouts from that troop would be going to the High Sierra Summer Camp during the last week in July.

Tom Williams, Pack-leader for Cub Pack No. 10, reported that his group will go on an outing to Alum Rock on the 29th of this month. Cub Pack No. 74, under the leadership of Bill Dogherra, reported that his group had enjoyed a highly successful weenie roast and baseball game last week. Activities in these organizations are planned largely by the members themselves and are kept at an interesting and exciting level as witnessed by their recent surge in growth.

The community is reminded that our youth are this country's most precious heritage, and that by banding together for their cause, we may help to insure their proper development. Parents are urged to attend their local committee meetings, such as the Men's Club and the Home and School Club, so that equal representation may be had from all areas.

Council Adopts \$171,853 Budget

Ordinance Sets Sewer Rates Here

An amending ordinance setting up fee controls to cover cost of sewer operation in Campbell, was introduced Monday evening at the city council meeting for adoption on August 2nd. It follows the old schedule used in a portion of the city then served by Sanitation District No. 4 and will apply to the city at large as the service is to be handled now by the city with the sanitation district handling operations. Out of city connections to the city line would cost \$10 plus the 40c monthly fee for average home, while charges for multi-purpose, business and industry would be on unit basis, while for schools it will be on ADA basis.

Mayor Richard Morton said it was necessary to fix rates because of service charges from Sanitation District 4 and for outfall disposal to City of San Jose.

State Division of Highways, acknowledging Route 5 freeway agreement asked council to notify of building permits or subdivisions being considered near the freeway. The fire underwriters approved the tests on the city's new fire truck and City Attorney Joseph Bonacina approved the lease purchase agreement which council subsequently adopted.

Fire Chief Jack Scott said the pumper needed hose and Mayor Morton and councilmen agreed the truck was of little value unless equipped, so bids to be opened August 2nd were called for 2000 feet of 2 1/2 inch and 400 feet of 1 1/2 inch double jacket cotton, rubber-lined hose in 50-foot lengths having expansion ring couplings.

A petition seeking annexation of the 84-acre Amato-Bellecetti property on the western limits of Campbell was accepted and filed, the city attorney to check as to habitation and other matter preparatory to starting annexation proceedings.

An ordinance was introduced Monday annexing the Lewis Smith property north on Central and David avenues, beyond Hamilton avenue.

The taxicab permit to Young and Owens will come up for final action next Monday at a special meeting, pending a permit release from the Mission Cab Co. who propose to be dispatchers.

The council was agreeable to a five year contract with the Los Gatos Scavenger Company at present terms and provided they pay the \$25 per 100 new home premium. Mayor Morton commended the firm for having received no complaints in two years.

The council adopted a resolution seeking that County Board of Supervisors budget funds for flood control through the office of the county engineer.

Councilmen Gordon Daum and James Arends were named by Mayor Morton as representatives on a committee with planning commission members to study sites for a civic center and city park.

Police Chief Robert Locke said that with the new fire truck at the fire station there wasn't any more to keep the department's motorcycle. LeRoy Black, street superintendent said parking lines will have to be painted again, but that they may have to be made longer because there are so many new cars with longer wheelbase.

There is to be another fireman and another member of the street department engaged, and department heads are to present names and backgrounds of suitable candidates so the council can complete the employment.

Mark Thomas, city engineer said Sanitation District 4 is ready to clean out sewer lines at a cost of \$1777 or \$59 per day. The system built in 1934 was cleaned in 1950. Matter was taken under advisement.

FINAL RITES FOR FLOYD PARTON

Funeral services for Floyd Parton, one of the founders of the First Federal Savings & Loan Association at San Jose were held yesterday. He was the father of Stanley G. Parton of Shannon Road, Campbell.

BUDGET MESSAGE

Since its beginning in March, 1952, the City of Campbell has had, as one of its primary concerns, the problem of achieving a firm, financial basis for its operation. To attain this end expenditures, and consequently, services and benefits rendered, have been kept at a minimum.

For the first 15 months we depended wholly upon state grants subventions, and no general property tax was levied or paid. For the past fiscal year a minimum tax of \$.51 per \$100.00 assessed valuation was levied to give us the second lowest City tax rate in Santa Clara County.

During this period of time the administration has furnished basic protection for the person and property of its citizens. But it has not been able, with its limited expendable income, to render municipal services to the extent and caliber that many of our citizens have requested and to which they are entitled. It has not been able to pay salaries and wages equal to those of our neighboring cities. It has not been able to commence the public works that are essential to the comfort and safety of a growing community. It has not been able to build up the cash reserves that are necessary for complete financial security.

However, with the adoption of its 1954-55 budget the City of Campbell has taken a long step toward maturity. The total budgeted expenditures are \$171,843.41. This is to be compared to the 1953-1954 budget of \$93,567.90, or an increase of \$78,275.51. This increase has been spread among the various departments with all benefiting therefrom.

Of the total amount to be spent, \$123,692.08 or more than 70% will come from sources other than the general property tax. This income would not be available to us people if we were not incorporated as a city.

The amount of money to be raised by the general property tax will be \$48,151.33. Assuming our population to be 8000, this tax will be \$6.02 per capita. On the other hand, the city plans to spend \$21.48 on behalf of each of its citizens.

With an estimated total assessed valuation of 6 million dollars, it is anticipated that the city general property tax will not exceed 82 cents per \$100.00 assessed valuation. The final rate, of course, can not be specifically determined until the county assessor has given us the exact assessed valuation.

The tax rate on this estimated basis will exceed last year's rate by 31 cents. To the average taxpayer who owns a \$12,000 home this would mean an increase of less than \$2.00 for the year and less than 3 cents per day. Your council feels that Campbell will again have either the second or third lowest tax rate in the county.

Now let us examine this budget to see how, and for what, this money will be spent. Certain general observations can be made at the outset.

Probably the most important single phase of this budget is the establishment of sound financial reserves. Reserves totaling \$32,500.00 have been set up with \$15,000.00 being allocated to capital outlay, \$7,500.00 to replacements, and \$10,000.00 unappropriated. These reserves will permit the accumulation of funds for future parks, playgrounds, municipal buildings, road construction, and other public works and improvements. They will also permit the city to keep its equipment up to standard and to replace outmoded pieces as they become obsolete or unusable.

Of equal importance is the fact that the pay scales of the various municipal employees in the several departments have been materially increased. The City of Campbell has been extremely fortunate in the past twenty-eight months in having its paid personnel work many and long hours for what was often only a minimum wage. The new scales mean that our men will be paid a wage that will be consistent not only with those efforts but also with the rates in effect in other comparable cities. In addition to the basic salaries and wages paid, provision has been made in the budget for the payment of substantial sums into a retirement program fund. This amounts to approximately 10% for each employee. A study of the program coupled with a civil service or Mint System has already been commenced by your council.

Turning to the Individual de-

Tentative Tax Rate To Be 82¢

The City Council on Monday night approved a \$171,843.41 budget of which sum, \$70,547.85 is of cash brought forward from 1954, \$8000 would be from the business license tax, \$400 from dog licenses, \$600 from bicycle licenses, \$9,223.87 from fines and forfeitures, \$5,751 from sewer rentals, over \$20,000 from state allocations and other paid in sums, leaving \$48,151.33 as the general property tax. No tax rate has been set, but it is anticipated the tax will be 82c as compared with 51c in the 1953-54 fiscal year.

More than seventy percent of the revenues will come from sources other than general property tax. The population is estimated at 8000 and the assessed valuation at six million. A breakdown in the tax structure is made by Mayor Morton.

By departments the budget calls for \$16,378.94 for legislative, \$2,610 for finance office, \$1512 for legal department, \$3,570 for engineering commission, \$18,200 for planning department, \$25,561 for public works department, \$28,934 for police department, and \$31,960.87 for fire department.

District Governor To Talk At Rotary

District Governor G. F. "Bake" Bacon will make his official visit to the Campbell Rotary Club next Monday.

Bacon sponsored the organiza-

tion of the Campbell Rotary Club in 1948 when he was serving as personal representative of the district governor at that time.

He is an active member of the Santa Clara Rotary Club of which he was charter president when it was organized in 1936. "Bake" has been a Rotarian since 1934 and is a former member of the Sunnyvale Club.

Bacon is the owner of an automobile retailing firm in Santa Clara.

He will meet with members in a club assembly at 10:30 a. m. in I.O.O.F. Hall to discuss the club's activities for the past year and plans for the new year to come.

Luncheon will be served at 12:15 p. m. and he will formally address club members at 1:00 p. m.

Electron Story Told Kiwanians

Electronics now do rapid calculations impossible for the human mind, a factor important to national defense, according to David Jones and Dennis Smart of the IBM Company in a talk and demonstration Tuesday before the Campbell Kiwanis Club. The tiny electron has become the greatest item in scientific research and it will continue to produce amazing calculations even to the extent of controlling flight of a gigantic missile. Ted Schenk was program chairman.

Herb Shadle was given an eleven year pin, Ray Mathis a fifteen year pin and Ole Jensen a one year pin for perfect attendance.

CAMDEN ROAD CROSSING SITE TO BE STUDIED AT MEETING HERE

Mark Thomas, city engineer said yesterday a conference has been arranged for Friday afternoon, July 30 in the Campbell fire station with state and county officials concerning the new location of the Camden avenue intersection with Winchester Road.

At the conference will be representatives of the State Utilities commission, the State highway commission, the county engineer, county supervisors, County Planning commission, Mayor Richard Morton, Planning Consultant Nestor Barrett and Thomas.

Leonard Bushnell, county surveyor had submitted a plan for an

intersection 300 feet south of the present crossing in which there would be a left turn lane as a safety feature and with Winchester made a four lane road. City officials pointed out however that this does not conform to the original plan for extending Camden avenue 1300 feet south of the present intersection so it crosses at Sunnyoaks Road, rather than to a dead end as in the Bushnell plan. County officials indicate the Sunnyoaks crossing may not be practical for 15 years but there is an urgency for the Bushnell crossing and would like for the city to share part of the cost.

CAMPBELL MAY SOON BE ABLE TO DIAL BAY AREA DIRECT

A million or more homes in the bay area will be accessible for dialing from the Campbell area probably within the next year, according to Thomas T. Cook, Jr., San Jose district manager for the Pacific Telephone and Telegraph Co.

Most such calls to other cities need assistance by an operator for completion, Cook pointed out.

Under the expanded direct dialing setup, calls go through with only a slight interruption by a billing operator.

San Jose and Los Gatos will be the southern boundary of the wide-range dialing area which will extend to San Rafael and Richmond on the north, and Hayward, Concord, and Danville on the east.

"In dialing most Bay Area points under the new system goes into effect, patrons will dial their number in the same manner as a local call," Cook said. "The only difference will be that an operator will come in on the line momen-

tarily right after you dial and ask for the number of the phone you are using."

The operator will say, "Billing operator. Your number please." Patrons will give the number of the phone they are using, not the number being dialed. The operator then leaves the line and the call goes through without other assistance.

Cook said that before the change is made next year, full information on procedure will be mailed to each subscriber. PT&T will spend more than \$500,000 for new equipment to put the new service into operation.

EDITORIAL

THE GROWTH OF CAMPBELL

The City of Campbell has planted its grassroots firmly since being founded as a municipality a little over two years ago, as the Mayor's budget message clearly indicates.

Until now, state grants and subventions have enabled the city to get along without a general property tax and with a minimum tax rate of fifty-one cents per one hundred dollar assessment. Now the city will raise \$48,151.33 in general property tax which based on population of 8000 will be \$6.02 per person in property tax as compared with \$21.48 which the city will spend per person.

Mayor Morton estimates the assessed valuation of Campbell to be six million dollars. Regardless of a slight increase in the tax rate, the council feels the rate will be either the second or third lowest of any city in Santa Clara County. Coupled with this is the fact that the budget for the past year not only was balanced, but there was set up a \$32,500 reserve for future parks, playgrounds, municipal buildings, road construction and other needed improvement. This reserve is sound business, for it puts the city on a pay-as-you-go basis without being heavily bonded with carrying charges.

Our grass roots are in fertile soil with good care takers who work without remuneration for the good of the city.

ARE YOU OFTEN IRKSOME?

At a service club meeting in Campbell the other day, an Oxford graduate now taking an advance course at Stanford said that Yankee tourists often are irksome at his home town on the Isle of Man just off the coast of Ireland.

Americans spend freely and give the impression that anything they want can be had with money. So they make offers on some household item which likely has a sentimental value, and when there is resistance, start raising the price. Some complain about there being no ice cubes and no elevator service. While this group may be far in the minority, they are the ones who irk the most. Those who behave naturally and who assimilate with the people are most welcome.

The whole thing digests down to the art of getting along with other people congenially. You, too, may be irksome, old boy, if you pick at the weaknesses of your own home town, its taxpayers, its merchants and its civic leaders. You may know of better this or that, but your home town needs your loyalty in its plans for improvement. You get out of life just what you put into it, and you benefit from your community life, just in proportion to what you put into it. Be tolerant, at home and abroad. Don't let strangers say that you too are often irksome.

A FORMULA FOR CLEANER ROADSIDES

A roadside cleanup handbook just issued by the California State Chamber of Commerce should give great impetus to the movement for cleaner roadsides in California. The handbook gives a formula for getting the job done.

The State Chamber, which has been working for two years laying the groundwork for a roadside cleanup campaign, urges every community to organize a roadside cleanup committee. San Francisco lost no time in acting on the Chamber's recommendation, organizing such a committee just last week.

A three-pronged program should follow organization of the local committee, according to the State Chamber: educate the public by all available means, provide trash receptacles along highways and adequate dump facilities near communities, and then enforce the law vigorously against the irresponsible minority which refuses to cooperate.

The program is simple and makes sense. One thing is for sure, our roadsides are not going to be cleaned up for us; every community and every individual must do his part. The State Chamber's handbook is full of good workable ideas on how to get started.

The nationwide forest fire prevention campaign has shown that the public will respond if told what is expected of it and if given a reasonable chance to cooperate. The same good results may be expected from the roadside cleanup campaign.

NEW AIRPORT NEARLY READY

The new International Airport at South San Francisco is to be dedicated with a flight festival in five weeks. The new building and its appurtenances was built at a cost of \$14,161,000.

Designed to accommodate between three and five million domestic and international air carrier passengers annually, it can be readily expanded to accommodate as many as ten million, according to its architect, William P. Day.

Two-level operation assures smooth passenger traffic flow in the new terminal, and every modern convenience is incorporated for the comfort of passengers and airlines operating personnel. Facilities have been provided for the Civil Aeronautics Administration and Weather Bureau, Immigration, Public Health and Customs officials.

During the three-day Flight Festival, the terminal and its surrounding area will be open for public inspection. Commercial flights will be commenced on September 1.

LAS VEGAS is just about as far away by plane from San Francisco as Campbell is by automobile when traffic moves against you ... a TWA plane gets you to Southern Nevada in one hour and fifty minutes flying right over Mt. Whitney and then over Death Valley, the highest and the lowest spots on continental America.

Saturday afternoon when I was met at the airport by friends there was a slight drizzle and humidity in Vegas ... was amazed to see the number of new de luxe motels along the strip since last there 18 months ago and that an eight-story hotel is going up right in amongst them because land values are higher than building costs ... some of the big names in show business are always to be found around Las Vegas and unless you have reservations by five o'clock there is little chance of getting in to their shows ... this weekend for instance in person were Charles Pickard, Joe E. Lewis, Terry Moore, Gloria DeHaven, the Dumbbells, Paul Winchell, Frances Langford, Sam Levinson, Sally Rand, Lisa Kirk, Herb Shriner, Alan King, and dozens of others ... Howard Hughes has bought quite an acreage nearby and indicates he may move his studio there because there now are more big names in the entertainment world at Las Vegas than in Hollywood and also because the clear air, free of smog, allows for good photography ... nearby a new highway is being built to connect Las Vegas directly with Bakersfield and save 127 miles for the motorist, and from what I saw Sunday on a drive 47 miles out to where new construction is under way, it will be a picturesque route through canyons and pine trees ... there is talk that Las Vegas will be a city of half a million before long and become the convention city of the west ... the race track which failed to lure patrons away from the gaming tables is being converted into a huge hall to take care of national conventions ... and there are subdivisions springing up and industry locating there ... a fantastic place which you have to see to believe, and I

had but 24 hours there having left Campbell at 12:30 Saturday noon and was back here at 8:30 Sunday night.

LAS VEGAS SUN had this item Sunday which was called to my attention ... "Marriage plans of a Campbell, Calif., man were delayed this week when a sneak thief in Reno swiped the suitcase of Joseph Flores. Reno police were told that the luggage was stolen from Flores' car while he was inspecting a motel room which he intended to occupy following his marriage. Flores said the thief not only took his clothing but the wedding ring which was inside his suitcase. Maybe he used a cigar band since the police have received no further report on the incident."

HERE IN CAMPBELL At the council meeting the scavenger firm owners from Los Gatos told our city council Monday evening they were unaware of the city's new boundaries so were not paying the city for the new homes especially over on April Way area where Councilman Gordon Daum lives but will follow council advice and get an up-to-date map and pay up ... they said mechanical disposals have cut some of their service calls but Mayor Morton said the city ordinance makes it compulsory to dispose of garbage properly.

Cambrian Kiwanis Slate Sunday Barbecue

Parker school will be the locale on July 25 of the first annual barbecue, project of the Cambrian Park Kiwanis Club, to benefit the needy children in the Cambrian area.

Dinner, consisting of deluxe barbecued steaks, chili beans, and tossed salad will be prepared by Mel Scontrino of the Villa Nova. Assisting with the preparations will be Dr. Eugene Peake, Dr. Bob Panick, Mark Cali, and Dr. L. Henriksen.

Price of the dinner, according to Mac McCulloch, chairman of the day, will be \$1.25 per plate.

Games and concessions, composed of pitch penny, dart throwing, pony rides, and picture booths, will tempt both young and old at the afternoon affair.

Local Artists Exhibit Works

Exhibits by Mrs. Jean Gibson, prize winner in the recent annual Pacific Coast Ceramics exhibition, were entered in the art exhibit held in Los Gatos last week.

Dr. Gustav Fassin served as chairman of the art exhibit, and also conducted the auction sale held Sunday afternoon in the Los Gatos Village Square. Paintings and sculpture works by Santa Clara Valley artists were offered to buyers during the art auction, with proceeds benefitting the building fund of the local art association.

Moreland School Board Organized

Moreland School District now has a five member board of Trustees. New members elected to the board are Vincent Carter of 925 Moreland Way, and Sam Manfre of Latimer Avenue.

In their organizational meeting held July 1st., the board elected George H. Ballantyne as president and Geo. D. Robertson as clerk of the board. Mrs. Virginia Lagiss of S. San Tomas Road is also a member of the board.

The trustees voted to hold two regular meetings each month, one to be on the second Tuesday and another on the fourth Wednesday of the month. The rapid growth of the school population of the district which has greatly increased the work of the board has made this change necessary.

The board chose the Teachers' Room at the El Quito Park School, 18720 Bucknall Road at Paseo Presada as the regular meeting place. Meetings begin promptly at 8 P. M. and visitors are always welcome.

The mass initiation was under auspices of Hugh and Thomas Johnson Post 4236, VFW, with Paul W. Baracker, junior vice-commander, as chairman, assisted by Jack Maxwell, senior vice-commander, and B. Balbiani, chaplain.

DOLORES GOMES EN-TRAINS TO LOS ALAMITOS

Miss Dolores Gomes, daughter of Mr. and Mrs. Manuel Gomes of New Jersey avenue, left Thursday, July 15, for Los Alamitos in Southern California for further therapy treatment in her fight against polio.

Dolores, who has been an "iron lung" patient in the County hospital for the past year, and Betty Sohm, 35, also a polio patient, boarded the Southern Pacific Starlighter for the rehabilitation center where they will learn to get along without the aid of a respirator. They also will be taught to paint and feed themselves. At present, they are both completely dependent on others.

At Los Alamitos, Dolores and Betty will be under constant surveillance of physiotherapists, psychiatrists, and other specialists. They will have the psychological advantage of group therapy, which is unobtainable at the County Hospital.

Joseph Cerrito is holding a grand opening of the new Lincoln-Mercury automobile agency in Los Gatos on Friday, July 23.

Cerrito is the first Lincoln-Mercury dealer in the Los Gatos-Saratoga-Campbell area and is widely known throughout the entire Santa Clara Valley in automobile circles. He started as a used car dealer in San Jose 15 years ago and has had the Hudson dealerships in Los Gatos and San Jose.

The new agency is opening its doors in a newly remodeled and redecorated building which Cerrito built and owns.

From the showroom through offices to the service department all of the equipment is of the most modern type.

For the opening Cerrito has flooded cars of the latest models and his sales department will be on hand to answer questions of visitors. Joe DiMaggio is sales manager for the new dealer and has an experienced sales group working with him including Ray Moss, Frank Spinoso and Bud Barnadas.

Cerrito said that he could proudly boast of the most modern parts room on the West Coast unique in that all parts are stored in rotobins for easy access and convenient storage. Joe Wheeler is in charge of the parts department and has developed his own system for giving the public the maximum in parts room efficiency.

The immaculate service department is managed by Tommy Gordon who is also an expert on automatic transmission work. His department offers complete facilities and all machinery for shop work on all makes of cars as well as Lincoln, Mercury and Ford automobiles.

Larry Reeder and Sal Enna, both registered mechanics, work in the shop under Gordon.

June Tanaka and Lois Hoehnlen make up the office personnel.

On either side of the new agency is the newly paved used car lot and parking area featuring "safe buy" used cars.

Though Cerrito is opening a new business he and his family have made their home in Los Gatos for the past five years and are well-known in the community.

"Our big freezer is a wonderful money saver"

says Mrs. Robert E. Rudd, 140 Fallen Leaf Drive, Hillsborough, California (shown here with her two sons, Jack and Jerry)

"We started economizing on grocery bills, the day we bought our big food freezer. Stocking up on foods in large quantities, when prices are lowest, certainly pares down the expense of feeding our family. And with California's low electric rates, our freezer costs so little to run."

Gas and electricity are cheap in California

When the Rudds moved to California, they were delighted to find that their combined gas and electric bill was so low. Their P. G. and E. bill for one month was \$15.31. Where they used to live, the same amount of gas and electricity would cost \$22.02. Enjoy the better living that today's modern appliances make possible. You can afford to use more of them with P. G. and E.'s low rates for gas and electricity.

CAMBRIAN GIRLS ACCOSTED ON WAY TO SCHOOL

The sheriff's office received a report concerning a case of indecent exposure, occurring in the orchard North of Parker School in Cambrian Park last Monday.

According to the sheriff's office, two girls, aged 9, while taking a shortcut through the orchard to the Recreational program at Parker school, were accosted by a man in the orchard adjoining the school grounds.

According to the girls, the man was about 30 years old, 5 feet 5 inches tall, dark hair in a crew-cut, and dressed in jeans and a T shirt.

The little girls continued on to school unmolested. Taking the same shortcut later in the day, one of the girls was stopped again by the suspect. The girl, unharmed fled home and informed her mother who immediately notified the sheriff's office.

Sgt. Heeschen of the Juvenile Bureau is investigating the incident.

Vacationers Back From Island Trip

Mr. and Mrs. Forrest A. Reese of 40A East Rincon Ave. returned Sunday night from a five weeks vacation in the Hawaiian Islands.

The couple flew both ways and while away made their headquarters on the Island of Oahu.

The Reeses literally took up residence on Oahu renting an apartment at 2517 Alawai Blvd. in the same apartment house as the Karl Bohnetts of Campbell who are still vacationing there.

With a car at their disposal they saw Oahu from windward to leeward and from the coral gardens at Waihau Bay to the cliff of Nuuanu Pali.

Mr. Reese reports that they visited three sugar mills; "The Old Sugar Mill", the C and H Refinery at Aiea and the Ewa sugar mill and found them all of the greatest interest.

True to the old saying that the best thing about going away is coming home, the Campbell couple were thrilled and delighted to meet with a bit of home in the Islands in the form of Campbell residents now making their homes on Oahu.

Among those they visited were Mr. and Mrs. Archie Keesling in Kailua and Mr. and Mrs. Harold Courtney in Lanikai.

They also had the great privilege of attending a private Chinese luau hosted by Mrs. Happy Lum who is related to Mr. and Mrs. Percy Bond, former residents of White Oaks Road.

Of course the couple visited pineapple plantations but they especially remarked on the floral beauty of the Islands in particular and the Hibiscus Drive which joins Kaneohe and Kalaheo.

Being a good Rotarian, Mr. Reese made up his absences at four of the clubs on the Island of Oahu, Honolulu, Waikiki, Westward Ho and Pearl City Rotary Clubs.

In response to a question about the cost of living in this paradise Reese said that all costs such as food, rent, and other essentials were comparable with those in Campbell but that milk carried the premium price of 31 cents a quart.

The Reeses are very happy to be home again but are already making plans for another trip next year.
